# NINETEENTH ANNUAL REPORT

## OF THE MANAGERS OF THE

# CHILDREN'S HOME

---

"To those who have so cheerfully advanced the work of the Children's Home for the past sixteen months, and the friends interested in its purpose and welfare, a brief statement of what has been accomplished should be most gratifying.

"As we look back upon what we have been able to do, it becomes apparent that much more can be done, and as we press steadily forward in the effort to benefit physically, morally and spiritually the children committed to our care, we realize what a large work is before us. We have, at present, 45 in the Home. Since our last report 32 have been admitted and 27 have gone out—making frequent changes in our household.

"When children are placed in homes, or adopted, every precaution is taken for the future welfare of the child, and so far in our experience only excellent homes have been found, and the children made comfortable and happy.

"The committee that has this part of the work in charge still carefully watches over their interests, either by personal visit or by letter.

"The health of the children has been unusually good—only a few slight ailments and one contagious disease being reported, which through the efficient and faithful services of our physicians was confined to two cases. In the latter emergency the Board of Health also rendered valuable aid, for which we wish to express our appreciation.

"One of the improvements since our last annual meeting is the formation of a medical staff, with all its apparent advantages, to whom the managers feel most grateful for their courteous attention given at all times when called upon.

"We all realize the position of matron to be one of great responsibility and trust, and much of the success of the work depends upon the orderly and economical manner in which the Home is conducted.

"For nearly two years we have had as matron, Mrs. Cora E. Brooks, a refined, Christian woman, whose wise judgment, and careful oversight has proved to be all we would have wished, and in whom we have complete confidence. Her training of the children has been to make them sensible and helpful—and we trust in after life they will perpetuate her influence

in their lives and help others in the way they themselves have been so wisely guided.

"Only two changes have occurred in the Board since our last report, Miss C. P. Steinmetz, due to her removal from the city, and Mrs. Albert Brown, whose illness necessitated her withdrawing from the Board, and the position of recording secretary which she had filled for several years. In thus having to lay aside her work, a gentle and sweet spirited member has been taken from our Board. A vacancy has occurred in the Board of Trustees by the death of John A. DeRemer, who was one of the incorporators of the Home, and had served on the Board ever since. In his death we realize the Home has lost a devoted friend and trusted councillor.

"The advantage of having a school of our own—started last year under the capable instruction of Mrs. A. C. Bellus, has proved all that we could desire by way of better health and training of the children, and has permanently solved the educational problem which has troubled us for years. Regular attendance upon church and Sabbath school, and a special service held at the Home on Sunday afternoon, conducted by H. J. and S. W. Major, gives the children a training in religious observance that should go with them in after life. The kindness of these friends in their devotion to the interests of the children is deeply appreciated by the managers.

"Many special but simple pleasures have been enjoyed, such as picnics, outings, straw rides and various entertainments with ice cream and cake provided. Valuable assistance has been given in the making of waists and aprons by a former manager, Mrs. S. S. Whitestone, and a group of friends—and according to custom the Needlework Guild furnished many garments, helping us meet one of the most imperative needs of the Home.

"We desire to make special mention of one of our Board, Mrs. Edward Ellis, who so generously provided for the comfort and happiness of the Home at both Thanksgiving and Christmas—donating not only the entire dinner, but also the abundant gifts with which the tree was laden. The children of the public schools have given substantial donations from time to time, and we thank them for their personal interest in the little ones of the Home.

"The coming of the Knights Templar on Christmas day with music and a generous contribution brought pleasure to all, and enabled us to provide a long-felt need in the form of fifty lockers as a permanent memorial of their visit. As an expression of their gratitude, the children rendered a simple cantata for these friends.

"We gratefully acknowledge a carload of coal from the General Electric Company, a piano from Prof. John J. Bennett, free transportation for the children several times, through the kindness of E. F. Peck, of the Schenectady Railway Company, and the courtesy of the city press.

"To all these as well as to all others who have so kindly contributed to the support of the Home, we feel under the deepest obligation, and wish for something more than mere words to express our thanks and appreciation.

"As hundreds of children have received benefit under this roof, who can say to what corners of the earth its Christian guidance and kindly discipline have extended, and will yet extend the influence for good in the making of useful and noble characters.

Respectfully submitted,

"HARRIET W. TRUAX,

"Secretary pro tem."

In order to simplify the work of the officers, the date of the annual meeting has been changed from June to October, which makes this report cover a period of sixteen months.
